RE: File # 2003-02419, Ayers Pond Rd, Washington, Tax Map/Lot # 6 / 8

Dear Mr. Robinson:

On August 8, 2003 the New Hampshire Department of Environmental Services, Wetlands Bureau ("DES") inspected property located at Ayers Pond Rd, Washington ("the Property"). The purpose of this inspection was to determine whether violations of RSA 482-A and Administrative Rules Wt 100-800 had occurred on the Property.

At inspection, approximately 1,875 square feet of dredging and rutting in a forested wetland was observed, caused by the trespassing of your Off- Highway Recreational Vehicle on May 18, 2003.

This Notice of Past Violation ("Notice") is to inform you that the violations referenced above have been documented and will be maintained on file at DES. The violations have been corrected by time. No further action is required of you relative to these violations and DES will take no further enforcement action at this time. This Notice is being sent to help you avoid similar violations in the future so as to protect wetlands and surface waters from unregulated despoliation before violations occur.

In an effort to promote better understanding and compliance with wetlands laws and rules, DES provides an "inspector of the day" service available to the public to address technical questions related to wetlands regulation. This service is available Monday through Friday, 8:00am to 4:00 pm by calling (603) 271-2147. DES encourages you to make use of this service as well as our website (<http://www.des.nh.gov/wetlands.htm>).

If you have any questions regarding this matter, please feel free to contact William A. Thomas at 271-4066.

Sincerely,
